Signage players

(Powerful and extremely easy to use cloud based Android signage player)

Today android is becoming powerful operating system and android boxes emerge powerful even getting into 64 bit arena with GPU support. We harvested its every bit of performance and created an easy to use and stable signage player which is highly cost effective for a vast variety of contexts.

We support Images, scrolling texts, Weather forecasts and videos. There is nothing still in our player everything is dynamic with beautiful animations.

We are integrated with happy-faces.co.uk feedback collection system which helps you to control everything from the web dashboard and project your best reviews on the display to show your best testimonials.
